Commissioner,

This paper accompanies a petition for revival of an application for patent abandoned unintentionally under 37 CFR 1.137(b) (PTO/SB/64). The subject application was an application transferred from an original client Mixed Grill, L.L.C. to a successor in interest, Intronetworks, Inc. During processing of the notice of allowance received for this application, the docketing actions based on docket number were erroneously identified with the prior client identification which had been closed in our accounting system. Consequently, the docketing of the due date for the issue fee payment was not properly posted. Upon docket review and identification of the error, the issue fee and this associated petition were immediately filed. The entire delay in timely filing the issue fee was unintentional.

If additional information is required, please contact the undersigned.

Respectfully submitted,

/Felix L. Fischer/
